GROUND PLATES

High conductivity copper sheet with bonding plates ([C410](#)) attached to plate for mechanical connection. Ground plates can be installed in shallow soil and or rocky ground when a typical ground rod (8'-10') cannot be driven into the ground. Also available with [welded pigtail](#) instead of mechanical connections

Part #: 620 SHOWN

Shown here is .032 thick plate but other thicknesses and sizes available, please [contact](#) us for more info.

Part Number	Width	Length	Thickness
C619	12"	12"	.032"
